NORTHWESTERN WATER AND SEWER DISTRICT MCCOMB UPDATE

The District team was happy to take part in the McComb Cookie Festival Parade, and we'd like you to join us for more summer fun at The District's Open House, Tuesday, August 16 from 3 p.m. until 7 p.m. Tour our main facility at 12560 Middleton Pike in Bowling Green and enjoy bounce houses, giveaways, food, and more. We hope to see you there.

The project to identify lead service lines in McComb will begin late summer/fall. While it will not impact your water access, this project involves excavating water service lines to identify their material. The awarded contractor is B Hillz Excavating, and they will perform this \$50,000 project. If we identify any services made of lead, a future project to replace those lines will be designed. Homeowners impacted by the project will be sent a letter with more information.

Improvements to McComb's sewer system continue this fall when The District starts work on a \$642,000 project to replace sanitary sewer mains and lateral lines. Edward Kelly & Sons will be the primary contractor for this project. Work will take place along Railroad and Walnut Streets and will be complete in the spring. A letter with more details will be sent to those of you impacted by the project.
