FOR IMMEDIATE RELEASE

**Village of McComb
Waterline Improvement Project**

BOWLING GREEN, Ohio, - The Northwestern Water and Sewer District (The District) announces the start of construction for a waterline project within the Village of McComb. The project was awarded to B. Hill'z Excavating, Inc. for 539,000.

Beginning Monday, January 31, The District will start a project to replace waterlines, hydrants, and meter pits in the Village of McComb. Expect lane restrictions on N. Liberty Street between Oliver Street and Cooper Street, along W. Main Street from Rader Road to SR 613, on Pleasant Street between Maple and Cooper Street, and on N. Walnut Street. Residents will be notified of water service interruptions. Project investment: \$539,000. Project complete: May. All work is weather permitting.

###

Our goal is to be the premier water and wastewater provider in Northwestern Ohio. We are committed to sound financial management, responsible environmental stewardship, responsive public service, superior customer service, and responsible economic growth. We strive to field a skilled, respectful, and cooperative workforce dedicated to the highest professional and ethical standards; we support them with appropriate training and technology.
